\* This refers to the position under the Banking (Capital) Rules in force on 31 December 2012.

### Notes to the template:

Elements where a more conservative definition has been applied in the BCR relative to that set out in Basel III capital standards:

Row No.	Description	Hong Kong basis	Basel III basis
	Other intangible assets (net of associated deferred tax liability)	0	0
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortor given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up Kong, an AI is required to follow the accounting treatment of including MSRs as part of intangible asset statements and to deduct MSRs in full from CET1 capital. Therefore, the amount to be deducted as re required under Basel III. The amount reported under the column "Basel III basis" in this box represents amount reported under the "Hong Kong basis") adjusted by reducing the amount of MSRs to be deduct 10% threshold set for MSRs and the aggregate 15% threshold set for MSRs, DTAs arising from tempo investments in CET1 capital instruments issued by financial sector entities (excluding those that are loa connected companies) under Basel III.	to the specified thres is reported in the Al's ported in row 9 may b the amount reported red to the extent not in rary differences and s	hold). In Hong financial e greater than that in row 9 (i.e. the excess of the ignificant
	Deferred tax assets net of deferred tax liabilities	36,312	36,312

of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III.

The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and the aggregate sector entities (excluding those that are loans, facilities and other credit exposures to connected companies) under Basel III.

Insignificant capital investments in CET1 capital instruments issued by financial sector entities	0	
that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	,

#### **Explanation**

For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, **18** indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the entities of the Manatary Authority that any such loan was made, any such facility was granted, or one such other credit exposure was

satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.

Therefore, the amount to be deducted as reported in row 18 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.

19	Explanation For the purpose of determining the total amount of significant capital investments in CET1 capital instru- entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided companies, where the connected company is a financial sector entity, as if such loans, facilities or othe indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, e satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or ar incurred, in the ordinary course of the AI's business.	d by it to any of its co r credit exposures we except where the AI d	nnected ere direct holdi emonstrates to	-
	Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Ba column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected conduction under the Hong Kong approach.	under the "Hong Kon	g basis") adju
